The Selling Price per Square Foot is a great indicator for the direction of Property values. Since Median Sales Price and Average Sales price can be impacted by the 'mix' of high or low end Properties in the market, the selling price per square foot is a more normalized indicator on the direction of Property values. The May 2018 Selling Price per Square Foot of \$200 was down -1.0% from \$202 last month and down -6.1% from \$213 in May of last year.
