Selling Price per Square Foot

The Selling Price per Square Foot is a great indicator for the direction of Property values. Since Median Sales Price and Average Sales price can be impacted by the 'mix' of high or low end Properties in the market, the selling price per square foot is a more normalized indicator on the direction of Property values. The November 2018 Selling Price per Square Foot of \$242 was down -36.0% from \$378 last month and down -3.2% from \$250 in November of last year.
